

Information Guide for Right of Way Equipment Operator 3 Performance Test

Test Number: 4815

Human Resources
Performance Assessment Services
Southern California Edison
An Edison International Company

REV121916

Introduction

The **Right of Way Equipment Operator 3** is a performance test designed to cover the major job areas of the Right of Way Equipment Operator 3 job. This Guide contains strategies to use for taking tests and provides information regarding the major job activities covered in the test. It also provides references to help prepare for the test.

Test Session

It is important that you follow the directions of the Test Administrator exactly. If you have any questions about the testing session, be sure to ask the Test Administrator before the testing begins. During testing, you will be allowed a break but you may **NOT** leave the test site, or return to your car or work station. Since this test will take several hours, you should consider these factors before the test begins, and bring a lunch or snack with you to the test should you need to eat while on break.

All cellular/mobile phones, pagers or other electronic equipment will NOT be allowed in the testing area.

The test has a four and a half hour time limit. All equipment and materials will be provided to you.

Personal Protective Equipment

For safety purposes, personal protective equipment (PPE) **must** be worn at all times during the performance test. Gloves, ear plugs, safety glasses, and hardhat will be provided. You are responsible for wearing closed toe work shoes or boots, preferably leather (no athletic shoes).

Other dress code requirements: Attire appropriate for a heavy equipment operation work environment.

You will receive a Test Comment form so that you can make comments about the test. Write any comments you have and turn it in with your test materials when your test session is complete.

Information Guide Feedback

At the end of this Guide you have been provided with an Information Guide Feedback page. If a procedure or policy has changed, making any part of this Guide incorrect, your feedback would be appreciated so that corrections can be made.

Test Taking Strategies

Introduction

The **Right of Way Equipment Operator 3** Performance Test will measure your ability to perform specific job related tasks. The purpose of this section is to suggest techniques for you to use when taking the tests.

Your emotional and physical state during the test may determine whether you are prepared to do your best. The following list provides common sense techniques you can use before the test begins.

Technique	Remarks
<i>Be confident</i>	<ul style="list-style-type: none"> - If you feel confident about passing the test, you may lose some of your anxiety. - Think of the test as a way of demonstrating how much you know, the skills you can apply, the problems you can solve, and your good judgment capabilities.
<i>Be punctual</i>	<ul style="list-style-type: none"> - Arrive early enough to feel relaxed and comfortable before the test begins.
<i>Concentrate</i>	<ul style="list-style-type: none"> - Try to block out all distractions and concentrate on the task at hand. You will not only finish faster but you will reduce your chances of making careless mistakes. - If there are distractions or irregularities in the testing environment, mention them to the Test Administrator immediately.
<i>Budget your times</i>	<ul style="list-style-type: none"> - Pace yourself carefully to ensure that you will have enough time to complete all items and review your answers.
<i>Follow Directions</i>	<ul style="list-style-type: none"> - Read and/or listen to all directions carefully.

Remember the techniques described in this section are only suggestions. You should follow the test taking methods that work best for you.

Job Knowledge Categories and Study References

The **4815 Right of Way Equipment Operator 3** performance test requires you to perform tasks similar to those performed on the job as a level 3 Right of Way Equipment Operator. It will require you to demonstrate your ability to safely and smoothly operate equipment such as a grader, bulldozer, and backhoe to perform right of way procedures including clearing a road passage, smoothing down moguls to clear path for passage of heavy equipment, and digging trench in a specified location. The test has a 4.5-hour time allotment. The description for the heavy equipment models used for this performance test can be found below.

Heavy Equipment Models (wheel-type tractor):

- Grader- John Deere 872 or 872 G/GP
- Bulldozer- Caterpillar D6n
- Backhoe- John Deere 410 or 710
