Summary: SCE reports the following incident as it may meet the significant public attention or media coverage reporting requirement. Today, Friday, October 25, 2019, at 11:58 AM both the Change 16 kV and the Brookline 16 kV out of Rush Substation experienced an interruption. Close in time to this event a fire was reported near

the Whittier Narrows Golf Course in Rosemead, California. This fire was the subject of media coverage in the local media market. SCE has initiated an investigation.
